35-lb Capacity Coin Dryer

Standard Features:

- Variable drum speed
- Pre-heat system
- Trans-axial air flow
- Fully insulated cabinet
- Self cleaning lint screen
- · Direct spark ignition
- Two point roller support
- "IMC®" intuitive micro control with auto dry system
- Single Phase Reversing Basket
- Stainless Steel basket and fronts
- Simplified Inverter Drive System
- Fits through standard 36 inch door
- Available in gas & electric

Optional Features:

- Double pane door glass
- S.A.F.E.- Sensor Activated Fire Extinguishing System
- Automatic Airflow Compensator (AAFC)

Optional AAFC adjusts exhaust fan speed to improve exhaust flow with increased back pressure caused by installation issues. This exclusive patented technology adjusts fan speed and enhances dryer performance. Measurements are calculated in real-time, on an ongoing basis to optimize dry-times and efficiency.

AD 35i Coin Dryer

Why Purchase AD 35i?

Performance

The Achievement: Through innovative design the i-series dryers achieve higher performance, industry leading efficiency, shorter dry times and safer, more reliable operation. What an owner wants, an owner gets: saving money on utilities, payroll, and maintenance. Anyone can say their dryers have the best performance. The Intelligent Dryer Series has the features to prove it.

Reliability

Demanding owners require more than just outstanding performance for their toughest laundry environments. To accommodate owners, we designed the i-series with years of reliable operation as an absolute design necessity. A sturdy steel welded cabinet, fewer moving parts and top quality components are the foundation of the line. Costly repairs and unwanted down time are now a thing of the past.

IMC- Intuitive Micro Controls is easy to use and 100% customizable.

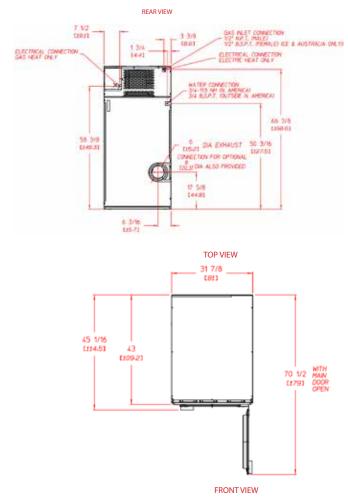

The IMC is an intelligent and simple to use control system that provides one-touch program selection. By creating a fully integrated drying system, ADC utilizes IMC to control all aspects of the drying process to minimize user error and maximize drying speed and efficiency.
